2016/2017 SECOND INTERIM REPORT

Pacific View Charter School 2016/17 Second Interim Budget Financial Summary – January 31, 2017

Legislation outlined in Education Code Section 47604.33 requires Charter Schools to report their financial statements four times a year to their Sponsoring District, County Office of Education, and the California Department of Education. The financial reporting includes Budget Adoption, First Interim, Second Interim and Unaudited Actuals. The enclosed financial reports provide an update and detail of the School's 2016/17 financial status, Second Interim 2016/17 Budget and projections for two subsequent fiscal years. The 2016/17 Second Interim Budget will require the Board's review and action.

The Second Interim 2016/17 Budget includes the following items:

- ✓ 2016/17 Second Interim Narrative
- ✓ 2016/17 Multi-year Projection and Assumptions
- ✓ 2016/17 Local Control Funding Formula Summary
- ✓ 2016-17 School Services Dartboard
- ✓ 2016/17 Second Interim Certification Form

California Department of Education created the LCFF calculator. LCFF base funding, supplemental and concentration grants are calculated using CDE's most recent LCFF Calculator version 17.2b. SSC Dartboard reflect the per student formula. PVCS continues to project conservative enrollment for the current and two following school years. Enrollment and other financial data will be updated at Unaudited Actuals.

SSC School District and Charter School Financial Projection Dartboard 2017-18 Governor's Proposed State Budget

This version of SSC's Financial Projection Dartboard is based on the 2017-18 Governor's Proposed State Budget. We have updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and ten-year T-bill planning factors per the latest economic forecasts. We have also updated the Local Control Funding Formula (LCFF) factors. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.

2%	30,001 to 400,000	of plained revenue growth
1%	400,001 and higher	

¹ District reserve requirements as stated in the State Board of Education (SBE) adopted criteria and standards based solely on district size is not as relevant when financial volatility and exposure is disparate under the LCFF. We recommend that every district first observe the current SBE-required reserve for the traditional economic uncertainties. We also recommend the establishment of a separate reserve based on the annual LCFF revenue increase projected for the district in Year 2 and Year 3 of the multiyear projection. We recommend that the district develop a plan to, over time, set aside one year's growth in LCFF funding as a reserve due to the potential volatility inherent in state revenues. Within that set aside, we also recommend assigning the supplemental and concentration grant dollars.
